Meeting Summary and Next Steps

On Tuesday, May 1st the CBT Marine & Aquatic Committee met in the community of Ahousaht.

This meeting did not follow a formal agenda and was an opportunity for committee members to hear from the community about current trends and issues in the marine and aquatic spectrum. Hesquiaht elder Charlie Lucas shared stories related to the significance of marine species in the traditional life of his people. Ahousaht Fisheries program manager Darrell Campbell brought forward the issue of sea otters and the impacts the return of the species is having on the way of life in Ahousaht. The committee was joined by community members for lunch.
